EVENTS AND ACTIVITIES

Organized One Day Workshop On CONCEPTS & APPLICATIONS OF PHARMACOKINETICS BY NOVARTIS & CERTARA

About The Institute (VCP)

Hearty welcome to Vijaya college of pharmacy located in Hyderabad. We introduce ourselves as an institution dedicated to provide highest quality Under graduate and Post graduate Pharmacy education with inclination towards research and industry orientation.

Established in 2006, we introduce to this society some of the best Pharmacists who are ready to take on the industry and research institutes. With more than 500 pharmaceutical companies manufacturing modern medicine with Industrial standards second to none, Hyderabad is considered as the Pharmacy hub of Asia. We have recognized the potentiality of Pharma industry in this area and moulded our education standards to provide carrier opportunities to the aspirants. We thrust education is a beacon of light in the voyage of life.

Objectives of the Workshop

The present workshop aims to provide the concepts of Pharmacokinetics like role of Pharmacokinetics in drug development, design and application of non-compartmental and compartmental models, variability in pharmacokinetics, with hands on experience to the participants.

It is divided into lectures and small group workshop with hands on training using Phoenix® software.

Venue:

Vijaya College of Pharmacy, Munaganoor (V), Hayathnagar (M), Hyderabad- 501511, Andhra Pradesh, India.

How to reach VCP:

To reach our college, there are several APSRTC buses from different corners of the city. The frequency of every 30 minutes from Koti women's college, bus numbers are 202B, 202U & 202T. From Secunderabad, Uppal and L.B.Nagar the bus number is 290T/S.

We extend a warm welcome to you for an eventful interaction at VCP.

A One Day Workshop

On
Concepts and Applications of
Pharmacokinetics: Academic perspective

15th September, 2012

Organised by
Department of Pharmaceutics
VIJAYA COLLEGE OF PHARMACY
(Affiliated to JNTU, Approved by AICTE & PCI)
Munaganoor (V), Hayathnagar (M), Hyderabad- 501511,
Andhra Pradesh, INDIA. www.vijayacollegeofpharmacy.com

Resource Persons:

Resource persons from Certara® and Scientists from Novartis will provide in-depth information through lectures and supervise hands on training sessions.

Topics to be Covered:

- ♦ Introduction to Pharmacokinetics –Rama Sivasubramanian, Ph.D, Novartis, Hyderabad.
- ♦ Protocol design, conduct and interpretation of preclinical PK experiments –Subramanian Ganesan Ph.D, Novartis, Hyderabad.
- ♦ Protocol design of clinical studies such as Bioavailability/Bioequivalence/Multiple ascending dose/First in Man/Therapeutic drug monitoring studies – Girish Bende Ph.D, Novartis, Hyderabad.
- ♦ Selection of sampling points, matrix and PK parameters for characterizing PK of drugs –Jay Prakash Jain PhD and Udaykiran Veldandi Ph.D, Novartis, Hyderabad.
- ♦ Compartmental and non-compartmental analysis: when, what why to consider? – Venkateshwari Muthukrishnan PhD, Certara.
- ♦ Application of PK in research: academic perspective- Jagannath Kota Ph.D, Novartis, Hyderabad.

Why for Teachers:

The objective of the program is to impact maximum population which is only possible by training teachers who would in turn propagate the learning to many students. It is also important to note that the teachers would have more exposure than students, which adds values to the training.

Registration:

Academicians/Professional teaching staff in clinical pharmacology/pharmacokinetics is eligible to register for this workshop. No registration fee for the participants. Registration is limited to first 40 participants only. Lunch and snacks will be provided to all participants. Participants are requested to be present at **8.45 AM on 15th September 2012.**

Proposals Put Forward

First proposal (M.Pharmacy JOBS)

- We have one batch of M.Pharmacy students who are sent to various pharma companies such as AUROBINDO, GVK BIO, MYLAN, JUBILANT, ASTRA ZENECA, PIRAMAL, etc.. for their final second year project work. Students would be completing their final EXTERNAL VIVA in next 15 days.
- In this regard the first proposal putting forward is that, kindly interview them for suitable positions in your company in various departments such as Analytical R&D, Formulation R&D, QC, QA, Pilot Plant, Technology Transfer, etc.
- You are most welcome to conduct interviews at our college campus or we can send them to your company premises.

Second proposal (M.Pharmacy Project internships)

- **We have other M.Pharmacy batch who have entered into their second year for pursuing their project work.**
- **Accordingly we wish to develop a collaboration with your company in concern to our M.PHARMACY students PROJECT INTERNSHIPS in your company in various departments for the best duration that is possible from your end, from 3 months to 1 year, where in the students can learn and contribute to the company.**
- **In case you like the student's performance and the vacancies exist you can interview them for confirming them as employees.**
- **Similar strategy has been employed and accordingly we could send in the last semester, 35 students to various pharma companies such as AUROBINDO, GVK BIO, MYLAN, JUBILANT, ASTRA ZENECA, PIRAMAL,etc**

Third Proposal (B.Pharmacy)

- ✓ **We have B.PHARMACY students who are in their final year of last semester.**
- ✓ **Accordingly we would request you to conduct interviews for them for suitable positions in your company such as MARKETING, PRODUCTION, QC, QA, RND, PILOT PLANT etc..**
- ✓ **You are most welcome to conduct interviews at our college campus or we can send them to your company premises.**

THANK YOU
